The Story Behind Elujuda

Yoshimi Ebina and Yuichi Sakai of Liberty-H Salon in Tokyo, Japan felt the need for a product that facilitates easy styling. They said "some clients are always easy to style, while others are very difficult." They worked closely with Milbon's research and development department to find the scientific reasoning behind easy styling. Together, they created Elujuda, a 2 in 1 leave-in treatment and styling product that transforms difficult styling into a breeze!
